

DELL MEDICAL SCHOOL

SUMMER CAMPS

2021 Virtual Camp Dates

High School : June 28 - July 2

Middle School : July 12 - July 16

In response to COVID-19, the [Health Sciences Summer Camps](#) will occur virtually this summer. High school and middle school students will interact and learn from physicians, scientists and healthcare professionals. This year has highlighted the need to better understand the impacts of global events on our health and our communities. The camps will take a deeper look at how scientists and physicians are tackling these problems and how what the future of medicine might look. We are excited to be able to utilize the virtual learning space to bring experts from across the state and nation to speak with students at the camps. We look forward to another different, but amazing summer with you!

Important Details:

- Camp schedule: Monday through Friday, synchronous learning 10am – 4pm.
- Platforms used: Zoom and Canvas
